“ I've been blessed & honored to have Thelma as my Mommy for almost 60 years. She was an AWESOME lady in so many ways! She always gave her all no matter what & could do anything she put her mind to accomplish. She set the bar high as a role model & I strive everyday to apply what she has taught me throughout the years. She made a lasting impact on so many lives through her quiet and gentle manner. She deeply loved her family and truly enjoyed cooking and baking for everyone - I guess I can share the secret ingredient now that made everything so good - it was LOVE! She was my rock and gave me strength when I was facing various challenges in my life. Watching her as she lost all her memories of family and friends as she battled dementia/alzheimers was awful and the biggest challenge of my life or so I thought. Losing her and navigating how to move forward without her by my side is now my biggest challenge. I learned how to take care of her when she was no longer able to care for herself and considered that to be the most precious & meaningful gift I could give to her to honor her for her many sacrifices over the years. I treasure the many memories tucked away deep in my heart of our time together in hopes that those memories combined with what she taught me will steer me in the right direction until we meet again. I will miss her everyday! She was also my light - always seeing the light at the other end - so I'm counting on her to provide that guiding light for me to follow in my next journey. I hope she knows how much I loved her and how much she was loved by others. Our entire family will be lost without her. Until we meet again - I love you mommy!

“ I’ve known Thelma since I was 8 years old. She and her husband were close friends of my Mom and Dad. I have so many memories of Thelma. I remember playing badminton with her in her backyard, and all the cook-outs, going to a rodeo. On some weekends we would all go to the airport and watch the planes take off and land. She and my Mom always had some sort of project going on, wall papering , painting , candy making . I believe at one point they must have had every candy mold you could buy! She loved the Dallas Cowboys . She made the best coleslaw ever. She always made her jello rainbow cake for cook - outs. It was the best. Thelma was so kind and caring , traits she passed to her daughter Elizabeth. My sympathy to Maynard and Elizabeth on your loss. I will cherish all the wonderful memories.
