“ Dear Dave, Susan, Morgan & families, We were so shocked and saddened to read about Bruce's sudden death. We had no clue he had been ill. I called Lee Crislip and he filled us in on the details regarding the cancer, etc.. Bruce had so many great attributes as an extremely intelligent guy, talented, caring friend, somewhat shy but an engaging & sincere personality to all who made his acquaintance. Of course I remember the years at Webster Springs High School. Such a wonderful place to grow up, go to school, play on the teams, etc.. I last saw him in Webster at one of the reunions a few years ago. Please accept our sincere condolences. He will not soon be forgotten. Best wishes always, Coach & Mrs. Marsh

“ *Always enjoyed working with Bruce at the newspaper office. He was an inspiration to me as I began a my first career. Later in life we met at a Library conference where we realized again we were both enjoying same career as ibrary directors. So saddened by this and my prayers for comfort to family.*

“ *Jo and Mike Skidmore, I saw Bruce in Elkins just a few weeks ago before his last treatment. This was the first time I had seen him since graduation. Still the same ol' Bruce. May he rest in peace.*

“ *It was a privilege to know Bruce. As a highly respected, hard working, colleague and senior manager in Shandon, Inc., what I remember most was his integrity. Bruce did what he said he would do, and would take the right path which was often not the easiest. He was also always concerned for people and their development. May he rest in. Peace.
