“ There is not a day that goes by that I do not think of my brother Chris. He was the best brother in the world. He had so many great qualities as a brother and as a person to everyone who was fortunate to have known him. He was kind, considerate, funny, intelligent, talented, and an amazing father. The world is a better place for having had him in it and people were better for being fortunate to have known him. I love you very much brother and I know you watch over our family from heaven. You are a guardian angel to my son Ian Woody as well as to me. Love always !
