“ Colleen, my thoughts and prayers are with you and all family members during this difficult time. Danny was such a great friend and a loyal member of a group of friends that hung together beginning in grade school and continuing into our adult years. You could always depend on Danny on having your back. I cherish the memories of us growing up together as neighbors playing sandlot sports, swimming at our swimming hole in the river, camping out, catfishing, working for Mr. Westfall and just being boys trying to figure life out. I remember him meeting you and the times that we shared. You brought such joy and love to his life. I'm so thankful to have had Danny as a friend and I'm deeply sadden with his passing. RIP my friend.

“ My heart goes out to your family.
My family lived on Pinnell St. for a few years from 1994 to 1998 when the neighborhood was lively, friendly, and such a wonderful place.
My first memory of them was watching Danny and D.J. practicing for baseball season. D.J. was always wearing his white baseball cap and Danny would be giving him feedback on his throw.
Danny must've been an excellent coach for D.J., because when he and his friend, Justin (if I recall his name correctly) participated in a snowball fight at our house, D.J. skills made him the one the other players feared and the most wanted one to target.
Another memory of Danny and D.J. was the night D.J. saw a bloody stranger outside the window of his house. Danny was walking past our house with a flashlight in his hand and D.J. at his side. He told my husband, Keith, what had happened and my husband joined the search. The police stopped them to let them know the man had been found.
Danny and D.J. were a wonderful father- son team. They helped make the neighborhood a wonderful place and helped create many fond memories for my own family. May your own good memories bring you comfort.
