“ *Although no words can take away the sorrow or pain, but may it be comforting to know that others care. Such a strong young man will never truly be gone, for he has left such a loving presence in so many hearts. He will be missed, and I will always cherish the memories I had with him. When a person you love has gone away, remember you always have their memories with you. This is something that no one can take away. I ache for you and with you for the loss you are feeling. My thoughts, prayers and love are with the whole family. May his soul rest in perfect peace! All my love, Jeanne Phillips*

“ I remember talking with Daniel one day. We were saying how if anything ever happened we didn't want people sad. We wanted them laughing having fun so that's what I'm gonna do is tell a few of funny or happy memories I have. As we all know, I have had a few vehicles. One of those vehicles was an 87 Buick oldmobile and the fuel pump was going out of it. When I drive it I had to keep the gas accelerated even when stopped or it would die and I couldn't get it started. I'm also always in a hurry so, you know, ill go slightly faster than others. The song, She Can't Drive 55, starts playing and Daniel yells, hey it's Cassias song looks at me says , bless your heart. Another moment that pops out in my mind is a comment he made that has stuck with me ever since. I cook all the time as I'm sure many do. I also cooked in most of my employment throughout my life in which Daniel has eaten both out and at home. He has also experienced many of my messups. One evening he looked at me and said, " Cassia, you sure can make burnt food taste good and something outta nothing. Bless your heart..." We all started laughing. And here is one more of many. Recently, I have aquired the hobby of ax throwing and Daniel is the only person I could get to throw with me. He and I spent one entire evening trying to find a place and fix a target. This continued into the night. Once we finally finished, he did most of it, iturned to follow him back to the house and ran snack into the tree he just told me not to run into. I carried a not with bruise on my forehead for the next 4 days. Daniel I been throwing the hatchet you gave me.
