“ *I remember Dot spending lots of time at our home on Desert Fork as I was growing up. She was like a big sister that I never had. I remember when she met Leonard told us he was the "one". He was always just a big old huggie bear and treated her like a china doll. She loved her family so very much.....Lenny, Steve, Kenny and Connie. I remember that Stevie reminds me so much of Leonard.....he's a huggie bear and always made me feel special at our reunions. Such a wonderful family that I'm proud to call cousins. I'm sure all of you know that Dot would never leave you.....and she hasn't now. She's no farther away than her memory in your heart and you can still talk with her anytime. I've learned through the years that our loved ones never really leave us.....they just nestle down in our hearts where they can still feel the love we have for them.*

Please know that you are loved and have been in our thoughts and prayers. Would loved to have been with you but I've had some health issues.....but would love to see you this summer.

“ So many memories of you. From growing up and coming out to stay with Connie and getting into her makeup and nail polish, playing dress up(Velenda as Dolly Parton and Jerry as a bride). LOL Rolling down the hill, petting and riding the horses and playing on the swing set that was still there when my boys were little. I remember the #1 rule was to NEVER go across the fence without a grown up and what happens if you did. OUCH!! But we always knew it was out of love. Then in my adult years, going out and helping you with Grandma so you could have a break, even if it was just going grocery shopping. I never knew quite how much that helped until now. You taught me how to embroider(although I'm a little rusty now) and how to make the best cheeseburgers, although mine doesn't even compare to how good yours was. I would call with a canning question or recipe question and you'd always help me out. Just so much. I know I should have came out more often or called the past few years and there really is no excuse. I do regret it now and always will. I would like the family(Uncle Leonard, Lenny, Kenny, Connie and Steve) that I'm thinking of you and love you all VERY much. Love and miss you Aunt Dot. :(

“ Rest In Peace Dot - You are going to be greatly missed. To me you were already an Angel. You was always there for me when I needed someone. I enjoyed talking to you on the phone. Such a sweet, beautiful, loving, caring soul. The wisdom you have shared with me will always be in my heart. I will always remember you being there for me in my time of need just a talk, a smile, & a hug is all it took. So I will say good bye with the words you once spoke to me when my Grandma passed away.

"Sometimes a body gets so tired, that it has to rest. And I think Heaven is the best place to rest, don't you?"

Your words comforted me then & I'm hoping they comfort your Family now. Prayers for all of you.

“ Dot was a very special person with a big heart. I could never thank her enough for taking such great care of Mom and for all she done for me. Without a doubt I know that she is reunited right now in heaven with Mom, Paw and all the rest that were waiting for her.
