“ *Its almost March and spring will be here sure would have liked to have walked in the yard by the pond and fed the fish with you again this year. I miss you so much but I know you wouldn't come back now if you could. Dance a couple times with Jesus for me until my time comes and I can dance with you both.*

“ I will always remember all the visits with her when we were on vacation. I always picture Aunt Juanita making biscuits and Charles stealing pieces of dough to eat. She always welcomed us into her home and was always smiling. We spent many family reunions at her house. I can't ever remember her complaining about anything. She was always so confident that the Lord would take care of everything. Now she is in the arms of her Saviour with a healthy body and no more cancer.

“ *I'll always remember looking forward to spending time each summer with my aunt, making peanut butter cookies, pulling the water up from the well and finding all kinds of goodies in the cellar. I also regret not being able to visit with her on my last trip to west virginia. She was very special and will be missed by all of her family and friends*
