“ *I will never forget all the many many days and days and days that we spend hunting every year in Delaware and Maryland. We went from bow hunting on September 1st in Delaware to bow hunting in Maryland straight to shotgun season and then the Muzzleloader season. Hell I even quit two jobs on two different years just so I could hunt with you. That took us from September to the end of January and then we went straight into drag racing at the end of February. All the hours we spent working on both drag cars in the garage and then trying to keep them together at the drag strip. I loved every minute of it. I will say one thing, you did live life to its fullest. You not only were my father, you were my best friend. I'm glad you gave me enough memories to last a lifetime. R.I.P. Dad....I love and miss you. Love always...Tommy*
