*Bertie, I know from my own experience that you want the pain and suffering to stop for your soul mate. I pray for constant peace and comfort for you all. And thank you for the years of service in the store. My sons enjoyed many evenings with you and Loren. May God Bless,

“ *Foot prints in the snow is my favorite memory of my brother Loren. We had to walk through deep snow up to the Church to catch the bus. Loren would say just follow me I will make you a path. Follow my foot prints. Each foot print was far away from the other. I had to jump from one to the other. And now he has followed Jesus's foot prints. I love you Loren*

“ Loren is my cousin, Although we was not best friends, the fact remains that he was family. I want to send out my condolences to his family and say that even though we never spent a lot of time together, I still have a few memories with him that I will always cherish. Loren was a hard working man and perhaps that is why I didn't spend more time with him, He was hard to catch when he wasn't busy. Loren, you will be missed even by those of us that was not always able to be around. Rest assured though you was and never will be forgotten. The memories I have of you will always live on.
