“ *The singularly most remarkable family that I had the privilege of knowing ... I am incredibly sad to have only learned of Wolfgang's passing now ... he and his family have had more of a spiritual and creative influence on my life than anyone - bar none ... Of course, I have deep regrets that my life's circumstances did not make it more possible for me to be with Wolfgang and Marie more often -- and it will remain one of my biggest life's regrets! Love and best wishes to Marie and daughters!!*

“ I met Wolfgang and Maria at the dedication of the Twelve Apostles during my time at Wesleyan. I truly felt and admired Wolfgang's spiritual nature through the beauty of his art. He and Maria became dear friends and I have always appreciated their spirit and self reliance. The couple who built their house upon a rock, truly an expression of love of our Lord and the natural world. I was with Wolfgang and Maria that last moment. May God bless such wonderful people who have offered so much to Wesleyan and the community. Good Journey dear Wolfgang. You are loved and will always be remembered. You continue to speak through your art.

We will deeply cherish the short time we spent together.. The quiet nature of Wolfies personality and his witty sense of humour were admiral qualities that we will fondly remember. He lived life to the fullest and he never used old age as an excuse to slow him down. Rest in peace. God Bless.
